

# TECHNOLOGY

## Tricks & Treats

Northeast Magnet High School • Monday, Oct 29, 8:55–3:30

Think your computer is cursed?

That it takes a magician to use?

That technology is spooky?

Then join the M<sup>3</sup> staff and mentors to take the mystery out of some technology tools so you can put them to work in your classroom.

Hour-long sessions will be scheduled all day, so you can catch a class during planning periods, lunch and after school.

## Batty for Blackboard Basics

*Even the superstitious will learn how easy it is to start a Blackboard class, post class assignments and course materials. With a wave of a wand, customize the look and content of your BB class.*

## Word Wizardry

*Learn about bewitching tricks, techniques, free templates and graphics, to put magic into your word documents. For sorcerers and apprentices alike.*

## All Things Webbed & Wonderful

*Find out how the Web can conjure classroom resources and weave together learning activities for any subject. Learn how to look into this crystal ball and bring back the world.*
