

Technology Harvest

Mueller Elementary • Wednesday, Nov. 7, 9:20--4:00

It's a bountiful workshop! Come join the Project M³ mentors and staff to harvest a crop of technology tools you can plow back into your classroom.

Concurrent Beginner and Advanced sessions will be scheduled all day, so you can catch a class during planning periods. Sessions meet in the computer lab.

Fall into Word

Reap a cornucopia of tricks and techniques for using this versatile and plentiful software. Learn how to use graphics, word art and simple formatting skills to create interactive and engaging courseware. Concurrent Beginner and Advanced sessions are scheduled for 9:20, 10:10, 11:00, 1:30, 2:20, 3:10.
