

Technology Harvest

St. Patrick School • Monday, Nov. 12

It's a bountiful workshop! Come join the Project M³ mentors and staff to gather a crop of technology tools you can plow back into your classroom.

Sessions will be scheduled all day, so you can catch a class during planning periods and after school.

Fall into Word

Abundant tricks and techniques for using this versatile and plentiful software. Learn how to use graphics, word art and simple formatting skills to create interactive and engaging courseware. Sessions are scheduled for 10:15, 10:40, 11:15, 1:30 and 2:05.

Harvest the Web

Find out how using the Web can reap a cornucopia of classroom resources and gather together learning activities for any subject. Learn how to use this horn of plenty. One session is scheduled for 3:15.
